Training Course

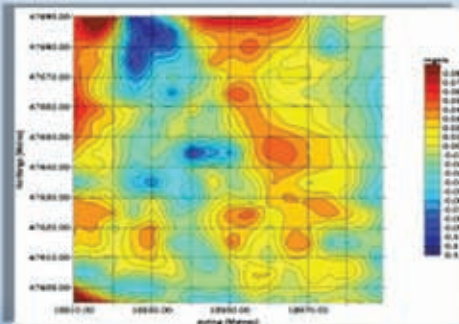

Geophysical Survey Techniques and Methods

Date:

The course duration is 5 days
From
12/6/2010
To
16/6/2010.

Lecturer:

Dr. Islam Al-Awadi

The beneficiaries of this training course:

- Geologists, Geophysicists and Engineers working in the fields of Water, Mining, Environment and Petroleum and those who desire to enhance and develop their capabilities and knowledge in Geophysical Survey methods and their applications.

Training course subjects:

Introduction:

- 1- Importance of the Geophysical Exploration.
- 2- Geophysical Exploration Methods in General.

- 4- Radiometric Exploration.
- 5- Electromagnetic Exploration .
- 6- Seismic Exploration.
7. Well Logging.

Geophysical Exploration Methods in Details:

- 1- Magnetic Exploration.
- 2- Gravity Exploration.
- 3- Electric Exploration

Application of Geophysical Exploration

- 1- Geophysical Fieldwork.
- 2- General Review.

Course costs:

The cost of the training course is 4500 (SR) per person and will be reduced to 4000 when more persons from one institute are registered.

Bank Transfer: National Commercial Bank,
Account No. 2655290000103. IBAN SA8210000026552900000103

When do I register?

Registration ends one week before the beginning of the training course due to limitation of seats.
